Shenzhen TopGood Intelligent Technology Co., Ltd, (TopGood), is a professional kiosk manufacturer. TopGood focuses on designing and producing of self-service terminals, also called interactive kiosks, like payment kiosk, information kiosk, SIM card vending kiosk, ATM/VTM, wayfinding kiosk, self-ordering kiosk, card issue kiosk, Currency Exchange Machine, and Digital Signage, etc.

TopGood was established in 2014 by a team with more than 10-year experiences in designing, developing and producing of self-service terminals.

TopGood is aiming to supply **WORRY FREE** Interactive Kiosks and Digital Signage for customers from all over the world.

The self-service terminals provided by TopGood are widely used at financial institution, government, telecommunication, hospitality, education, restaurant, retail, healthcare, business, travel, etc.

TopGood has a standard line of Payment Kiosks, Information Kiosks, Card Issuing Kiosk and Digital Signage that we modularized in design to offer your flexibility at your budget.

Besides the full self-service terminals, we also supply kiosk parts, like kiosk cabinet/kiosk enclosure, industrial computer, touch screen, and design of kiosks.

We are proud to cooperate with the worldwide famous kiosk components companies, like LG, Samsung, Crane, GRG, Custom, ITL, Gigabyte, Microsoft, AccessIS, Dermalog, etc., to ensure our products are with high quality and stable performance. TopGood already gets a good reputation from our customers for our reliable quality and service.

We are looking forward to hearing from you to customize the self-service solution, we are sure that we will be a good support of your business growth.

Model No.: KL090

Main functions:

- Accepting payment by Cash, Card
- Taking photo
- Printing receipt
- Scanning QR code
- Displaying advertisement
- Printing A4 documents

Specification

User-interface	32” touch monitor EPP Keypad Loudspeakers
Card Reader	Motorized hybrid or dip card reader, EMV certified Support magnetic/smart card Card retracted if not removed Card returned if power failed
Control Unit	Industrial control computer Core i3 Series CPU, 3.4G, 4G RAM 500G HDD, DVD ROM (optional) Operating system: Windows 7
Printer	Receipt printer: 76mm thermal graphic printer A4 printer: laser printer
Cash acceptor	No
KYC	Camera: 2M industrial Pinhole camera ID scanner
QR scanner	Able to scan 1D barcode and QR code from phone screen and paper
Operating system	Windows7/10
Decorating	Green/Red indicating light for peripherals

Applications

Bill payment for utilities, services, card issue for bank card, membership card, card ticket, top-up for services, and many more.

Customization

Functions, designs, colors, brandings, all you need.

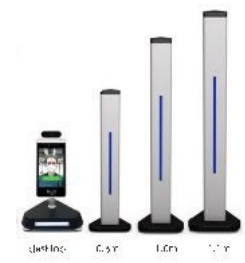
Model No.: TP809

Main functions:

- Face recognition
- Mask recognition
- Temperature screening
- Time attendance
- Visitor management

With ready-made software



Specification

Camera		2 megapixel binocular wide dynamic camera
Screen		8inch IPS LCD
Processor		Dual Core ARM, DDR 8Gb, Flash 4Gb
Operating system		Linux
Interfaces		RJ45, USB OTG, RS232, Relay, Wiegand 26/34 input and output, Uboot
Temperature Detecting	Distance	0.5m to 1.4m
	Speed	Up to 0.3s
	Accuracy	±0.2ºC
	Range	10~42ºC
Network		Wi-fi, LAN, 4G (Optional)
Facial recognition	Library	Face library: up to 20000, 1:N face recognition, 1:1 face comparison.
	Speed	Up to 0.2s
	Accuracy	99.9%
	Mask detecting	Supported
Power		DC12V, 8W
Work Environment		indoor, Semi-outdoor, without direct sunlight, 0ºC~40ºC
Dimension		215x125x20mm (for bracket mounting)
Package		N.W.: 1.58kgs G.W: 2.07kgs Measurement: 45x13x19cm (for bracket mounting)
